HOW TO SEEK INSURANCE REIMBURSEMENT FOR A BREAST PUMP

Call the mother’s insurance provider.

Ask the following questions:

- Will my insurance plan cover and provide a personal electric pump?
- What percentage of the cost do you cover?
- What make and model of pump is provided?
- Do I need a prescription from my doctor to obtain the pump?
- Who is the supplier I need to work with?
- What is their phone and/or FAX number? _____________________
- Do they deliver the pump or do I need to pick it up?
- How long before I will get the pump?
- If it takes several days to obtain the pump, will you cover rental fees? For how long?
- How do I obtain the necessary paperwork for reimbursement if I have to cover the initial cost of the pump?
- May I have your name and a direct extension number for my records? _____________________

Someone from Breastfeeding Support Services at the Pavilion is available to help you seven days a week/daytime hours (414-328-6234).
